List of Patent

Title 1:- Analysis of digital ads for marketing to check end-to-end audiences' effectiveness.

Title 2:- Techniques of GST on Various Construction industries & it's impact

Title 3:- Methods of Distributed Multimedia Database Systems based on 5-G Mobile Agents

Title 4:- Interface and Process of a Video Steganography

Title 5:- Process of Location Aided Routing for Mobile Ad-Hoc Networks under Global Networks & Method thereof

Title 6:- Tools & Methods of Handwriting Detection System Using AI- Algorithm & Brain Net through Neural Networks

Title 7:- Techniques of Air Pollution Monitoring and Notification Algorithm IoT-Based.

Title 8:- Systems of Virtual Voice Calling Artificial Intelligence Based Human in Hotel Management Notification and Controlled.

Title 9:- Methods opting Noise Reduction by Advanced Fuzzy Image Filtering

Title 10:- Artificial Intelligence based Development of an Online Attendance & Lecture Notes Management System & methods thereof

Title 11:- Safe and Secure Internet Banking System Using DL- Based,

Title 12:- Artificial Intelligence based collection of Big Data and Cloud Computing Information

Title 13:- Artificial Intelligence based Monitoring of Agriculture Climate Conditions

Title 14:- Manage the Training Industrial Man-Power as an Aid.

Title 15:- Process of Urbanization Problem for Agricultural Growth & methods thereof.

Title 16:- Model & methods of Start-ups' Towards the development of the Indian Digital Economy.

Title 17:- Importance of Taxation as a Source of Revenue for the Govt.

Title 1 8:- Contribution of Effective Communication in Improving Employee Morale.

Title 19:- Manage Six Sigma Implementation Process at a manufacturing company.

Title 20:- Quality Management Implementation at Electric Vehicle Production.

Title 21:- Method and Process to solved the Water Problems in Rural Areas

Title 22:- Process & tools of converting Waste Material into a Tiles, Oil & Agro products.

Title 23:- Remote Sensing for Irrigation Water Allocations controlled by IoT- Notification.

Title 24:- Methods of converting Construction Waste into a cement products & Silica.

Title 25:- Techniques & tools for environmental, engineering and ground-water problems Solution.

Title 26:- Using GIS to check Air Quality & Flow of Air Management System as a tool.

Title 27:- Design of Differential Advanced Gearbox

Title 28:- Artificial Intelligence based Front Wheel Steering System with Movable Headlights

Title 29:- Automatic Gear Changer methods in Two & Four Wheeler Vehicle under Self Decision.
